

TORBOT

Custom Vascular and Burn Compression Garments

Features & Benefits

- With over 60 years of product expertise, Torbot has set the standard for Vascular and Burn care in custom manufactured compression garments.
- Each compression garment is individually created by our dedicated teams for the complete design, manufacturing and delivery process.
- Each garment provides the patient with freedom of movement while providing Therapeutic compression.
- Both Torbot vascular and Jobskin burn breathable knit fabrics provide a soft comfortable and gentle feel to the skin.
- All garments can be machine washed for easy maintenance.
- Multiple options are available to aid in donning and compliance.

Burn Garments

Unique Jobskin fabric retains elasticity to ensure consistent compression. Jobskin provides a classic color range (beige, black, light pink, hot pink, light blue, navy, royal blue, red, purple, white, dark brown) which can be coordinate with clothing and lifestyle. Flattened seams for added comfort minimize pressure over newly formed sensitive skin.

Vascular Garments

Unique Torbot fabric retains elasticity to ensure consistent compression. 15-55+ mm hg compression available. Lower extremity garments are available in black and beige, while upper extremity garments are available in a variety of colors (see list on page 6).

CAT. NO	DESCRIPTION	
0560	Body Suit with Sleeves and Legs (to distal measurement above knee)	
1120	Panty Brief, open or closed pubis
